Jim and Lance:

I would like to take this opportunity to thank you for closing the sale of my business, Lindstrom's Family Auto Wash.

The business sold a full 21% above appraised value!

Fox and Fin has been very professional and displayed great determination and negotiating skill in closing the sale of my business. This is due to Fox and Fin having a database of qualified buyers that could be tapped to maximize the selling price and the reputation that they have in town.

There is no way that I could have sold the business for such a high price on my own.

It has been a very stressful process but I am very happy that Fox and Fin was there to shoulder the burden of dealing with buyers and lawyers etc.

Also, to be mentioned is the relationship that you have with the bankers. It was extremely helpful to assist with navigating through the SBA loan process.

Thanks again,
